

Specific Health Guidelines for the prevention of Covid-19 transmission

Our priority:

welcoming your events and participants in the best sanitary conditions

Updated on March 14, 2022

As part of prevention measures against the risks of contamination by COVID-19, Bordeaux Events has established a set of sanitary rules and guidelines for hosting your events for the general public and professionals at our 5 sites.

This framework applies to our staff members, partners, suppliers, customers, and all participants of events.

WE COMMIT TO:

- maintain a high level of awareness among teams and organisers
- ensure compliance of our event venues
- handle the specific installations for your events
- reinforce sanitary measures
- dedicated health protocol support

1. OUR TEAM: MOBILIZED AND COMMITTED COMMITTED TO HEALTH AND SAFETY

To ensure the safety of all, our staff members have been trained in general sanitary measures to fight against the Covid-19 epidemic (hygiene rules, hand washing, use of hydroalcoholic gel)

COVID-19 CONTACT PERSON

Our Covid-19 contact person ensures health safety rules are followed by our staff members, service providers and organisers.

In cooperation with health authorities, he remains up to date with the latest developments and will be your key contact in establishing the specific COVID-19 health protocol for your event.

2. SANITARY GUIDELINES AND FACILITIES AT OUR VENUES

- Hand sanitizer dispensers at the entrance/reception for each area
- Single-use equipment in toilets: bactericidal and virucidal soap, paper towels
- Monitoring and adaptation of configurable (fresh air or return air) ventilation systems used for air circulation (hot or cold)

Raise awareness about the TousAnticovid application that participants/visitors can download

3. CLEANING AND DISINFECTION

We commit to **systematically disinfect** the areas before and after each event and **increase cleaning protocols** for:

- general equipment: vacuum clean carpets, seats, chairs, rugs, etc.
- contact surfaces: desks, writing tablets, remote controls, screens, escalators, door handles, toilets, payment terminals, lift panels
- specific furniture: stands, tables and chairs, conference room equipment
